

**Conditions under which Customer Provided Terminal Equipment may be connected to TELUS's Facilities and under which TELUS's services may be Shared or Resold**

1. Connection of customer-provided terminal equipment to TELUS Communications (B.C.) Inc. [TELUS]'s facilities shall comply with the terms and conditions of Telecom Decision CRTC 82-14 and with TELUS's General Tariff (specifically as contained in Item 200). Installation of such customer-provided terminal equipment shall comply with the installation requirements set out in the Department of Communication's current issue of certificate standard CS-03 and the related document Telecommunications Regular Circular 52 (TRC-52, Supplement F) as approved by the Terminal Attachment Program Advisory Committee (TAPAC). **Note:** This rule applies to all Key, PBX systems and telephone sets or other equipment attached behind the Key or PBX system which is network addressing.
2. Connection of Services:
  - a) TELUS services must be connected to customer-provided terminal equipment or system in accordance with the terms and conditions of TELUS's applicable General Tariffs. Non-interconnected TELUS services connected to any customer-provided system or terminal equipment may not be bridged to allow access to TELUS's public switched telephone network.
  - b) Network services obtained from a supplier other than TELUS may be connected to customer-provided system or terminal equipment in accordance with the terms and conditions of TELUS's interconnection Tariff governing the connection of such supplier's facilities with the facilities and equipment of TELUS.
  - c) Services obtained through Resale and/or Sharing must be connected to customer-provided system or terminal equipment in accordance with the terms and conditions of General Tariff CRTC 1005 Item 24.
3. TELUS's telecommunications services that are Shared or Resold be in accordance with the conditions set out in Telecom Decision CRTC 87-2, Tariff Revisions Related to Resale and Sharing.
4. I/We hereby agree that:
  - a) The system or terminal equipment connected to TELUS's facilities will be connected in accordance with the foregoing terms and conditions:
  - b) Under the article 4.4 of the Terms of Service: "A customer who has deliberately, or by virtue or lack of reasonable care, caused loss or damage to TELUS's facilities, may be charged the cost of restoration or replacement. In all cases, customers are liable for damage caused to TELUS facilities by customer-provided facilities."
  - c) (Representative) \_\_\_\_\_ is authorized to represent me/us for the purpose of ordering TELUS local services and/or equipment at the service address(es) shown below and for following up with TELUS regarding these services:
  - d) TELUS is entitled to deal with the Representative accordingly, until such time as I/We notify TELUS in writing of a change of representative. Notwithstanding the foregoing, Representative's authority to represent me/us does not include: \_\_\_\_\_  
Limitations: Selection or changes to long distance service provider.
  - e) I hereby authorize TELUS to verify my current standing.

Additional Limitations: \_\_\_\_\_
